

## **ERASMUS+ Faculty of Management**

**What should I do before submitting the application (among other things)?**

You should familiarize yourself with the offer of courses carried out on the chosen foreign partner university (INTERNET) and answer the following question:

**If I study at the University of my choice for the next semester (year), will I carry out the Program of Study at the Wrocław University of Science and Technology (including learning outcomes) in my regular time (regulations of WUST)?**

Only when the answer to the above question is positive, submission of the application is justified. It results from the fact that a stay at a foreign university as part of the ERASMUS program cannot be a reason to extend studies at the Wrocław University of Science and Technology (e.g. it cannot be used as an argument when applying for a dean's leave).
